

March 7, 1952.

Dear Cohn:

Your reprints and ms. have just arrived. Thank you very much. I will follow your distributory instructions. I have just gotten back Jacques' ms. which I had sent around before getting a chance to read it myself, and hope now to read these papers together.

Since your covering letter referred to the ms, as an enclosure, I was relieved that it finally arrived, and thought I should acknowledge its receipt even before reading it.

With best wishes,

Joshua Lederberg
